

DEMOCRATS CHOOSE SAN FRANCISCO FOR CONVENTION

GENERAL PERSHING MAY VISIT SANTA ANA AT LAST OF MONTH

COUSIN AND C. OF C. TO ASK STOP IN CITY

Mrs. Schuyler Baker Sends
Invitation to Army Head
Coming to Coast

GOING TO RIVERSIDE
TO MEET HIM THERE

Efforts Will Be Made to
Have Short Address at
Birch Park

It is probable that General John J.
Pershing, who commanded the
American forces in France, will visit
Santa Ana during his stay in South-
ern California the last of this month.

Efforts to have the general stop in
Santa Ana were under way today,
and probably by tomorrow noon Gen-
eral Pershing will have the invitation
of the Santa Ana Chamber of Com-
merce backing up an invitation from
the general's cousin, Mrs. Schuyler
Baker of 110 South Broadway, urging
the general to stop in Santa Ana.

Mrs. Baker's invitation, such as
a relative would send to another.
No one in Santa Ana has watched
the progress of General Pershing's
advancement in military service
with keener satisfaction and inter-
est than has Mrs. Baker. General
Pershing's father and sister.
General Pershing's parents and sister.
Mrs. Baker's parents lived in the
same town, Laclede, Mo., and the
children of the two families grew
up together.

Hopes to Visit Her
A letter received by Mrs. Baker
from her cousin while he was still
in France stated that it was his
hope that he would be able to visit
her and her family in Santa Ana
soon after his return to the United
States.

Mrs. Baker has been hopeful that
General Pershing's trip to the coast,
which is of an official nature, will
not prevent him from making his
promised visit to her here. It has
been her purpose to go to Riverside
to meet the general on January 28,
the day he is scheduled to arrive
there. Inasmuch as General Pershing
is coming to Santa Ana from San Diego
and from San Diego to Los Angeles,
Mrs. Baker hopes that arrangements
can be made for a visit, however
brief it may be, at her home here.

Today the Santa Ana Chamber of
Commerce is getting in touch with
the situation with a view to adding
its efforts to those of Mrs. Baker.
A gathering at Birch Park, at which
it is hoped the general might say a
few words, is in contemplation.

James Pershing, a brother of Gen-
eral Pershing, is now in Los Ange-
les on a business trip, and he is ex-
pected here within a day or two for
a visit with Mrs. Baker.

He has been stopping at the Alex-
andria Hotel in Los Angeles.

**General Pershing Accepts
Invitation to L. A. Banquet**

LOS ANGELES, Cal., Jan. 8.—Gen-
eral Pershing has accepted an invita-
tion from the Merchants and Man-
ufacturers' Association to be a guest
at its banquet here January 26, it
was announced by the association to-
day.

Admiral Hugh Rodman, command-
ing the Pacific Fleet, and Lieut. Gen.
Hunter Liggett, commanding the
western department of the army, at
so will attend, it was stated.

OMAHA, Neb., Jan. 8.—General
John J. Pershing varied the monotony
of official receptions and inspections
here today by attending a movie. He
was to witness "Soldiers of Fortune,"
adapted from Richard Harding Dav-
is' book, as the guest of the Ameri-
can Legion. He leaves for Fort
Leavenworth tonight.

NEW AERIAL MAIL
OMAHA, Neb., Jan. 8.—Aerial mail
service was opened between this city
and Chicago today.

Red Forces Capture Important Town And Enormous Booty

LONDON, Jan. 8.—Red cavalry
has occupied the important
town of Taganrog, on the gulf of
that name, an official bolshevik
wireless communique from Mos-
cow claimed today.

The soviet forces captured
enormous booty, the communique
asserted, claiming more than 4-
000 prisoners were taken in the
operations in the Don basin and
around Taganrog.

Military supplies taken includ-
ed British heavy artillery, tanks,
armored trains, an aviation base,
great stores of munitions, 220
guns and other material.

The bolsheviks now have
reached the coast east and west of
Mariupol on the sea of Azov.

SALE OF WINES BY CONTRACTS HALTED BY U. S.

SAN FRANCISCO, Jan. 8.—The
sale of large quantities of California
wines which has been continuing
under a form of contract devised to
circumvent wartime prohibition,
had come to an abrupt end today,
following the seizure yesterday of
40,000 gallons of wine owned by the
California Wine Association.

Collector of Internal Revenue Jus-
tus S. Wardell ordered the seizure
following a suspension of the "con-
ditional sale" method of disposing
of stocks of liquor.

Under the contract drawn up by
Attorney Theodore A. Bell, options
were sold for the delivery of wine
when the wartime ban should be
lifted. If the ban were not lifted the
wine should be held "subject to
demand of the vendee."

Thousands of gallons of wine have
been sold under this arrangement
during the past few months, it was
said today at the office of Collector
Wardell.

Advices from Washington today
said a misrepresentation had been
placed on the ruling of Collector of
Internal Revenue Roper that the
"option" contracts were within the
law. It is now held that the actual
delivery of wine under this form of
contract is contrary to law, and dis-
tributors of wine will be prosecuted.

Besides, it was said, Premier Lloyd
George and Premier Nitti could not
arrive in time to participate in any
sessions today. Twenty-five mem-
bers of the British delegation which
will attend the coming session of al-
lied leaders here, arrived last night.

FIRES AT REDLANDS BLAMED ON JANITOR

REDLANDS, Jan. 8.—Jerome
Phegley, former janitor of the
church of the Sacred Heart, has been
arrested on a charge of arson. Phegley
admits he started eight fires in the
last five days and that he also
was responsible for the burning of
palm trees on Olive and Peru ave-
nues and in Smiley Park.

Beginning on the evening of De-
cember 30, Phegley started eight
fires in garages and barns, most of
them in the same block as the Cath-
olic church and school of which he
was janitor.

He had been under observation for
several days and his arrest came af-
ter he was followed by officers and
was seen to start a fire. Later he
confessed. He is 19 years old.

MINE WORKERS HEADS HOLD POLICY MEETING

COLUMBUS, Jan. 9.—The inter-
national executive committee of the
United Mine Workers of America
was still in Columbus today, though
the convention of miners adjourned
late yesterday.

The international officers were
holding a "policy" meeting this
morning. Later they will start for
Washington, where they appear be-
fore the president's commission
Monday morning.

\$40,000,000 DRIVE FOR COLLEGES SOON

CHICAGO, Jan. 8.—A nation-wide
drive to raise a \$400,000,000 fund
for small colleges of the country
will be launched in the spring, ac-
cording to announcement made here
today by Robert L. Kelly, executive
secretary of the Association of
American Colleges.

TREATY WILL BE IN FORCE SATURDAY AT 4 P. M.

Only Nations Which Have
Ratified Pact Will Be
at Ceremonies

PARIS, Jan. 8.—Exchange of for-
mal ratifications, placing the treaty
on Versailles in effect, will take place
at the French foreign office at four
o'clock Saturday afternoon, it was
announced officially today.

Only those nations which have ra-
tified the treaty will take part in the
ceremonies. They are Great Britain,
France, Italy, Japan, Belgium, Bolivia,
Brazil, Guatemala, Peru, Poland,
Siam, Czechoslovakia, Uruguay and
Germany.

LONDON, Jan. 8.—British and
Italian officials left here for Paris
this morning to resume their peace
discussions with French representa-
tives.

Russia and Turkey will be the two
nations to receive first attention of
the allied leaders, it was indicated.
Some London newspapers believe a
policy of peace with Russia, because
of the recent bolshevik military vic-
tories, will be considered. In the
British party was Premier Lloyd
George, Earl Curzon, secretary of
state for foreign affairs; Andrew
Bonar Law, government leader in the
house of commons; Lord Birken-
head, the lord chancellor; A. J. Bal-
four, lord president of the council;

A. S. Montagu, secretary of state for
India, and Lord Riddell.
Premier Nitti and Foreign Minis-
ter Scialoja will represent Italy,
while Premier Clemenceau and other
officials will represent France.

Premier Lloyd George and Prem-
ier Nitti have reached an agreement
for settlement of the Fiume ques-
tion, it was reported today.

The agreement, according to the
report, will be submitted to Premier
Clemenceau when the allied leaders
meet with him in Paris today.

PARIS, Jan. 8.—No meeting of
the supreme council will be held today.
It was announced, because of the ill-
ness of two of the British members.
Besides, it was said, Premier Lloyd
George and Premier Nitti could not
arrive in time to participate in any
sessions today. Twenty-five mem-
bers of the British delegation which
will attend the coming session of al-
lied leaders here, arrived last night.

**Question of Ex-Kaiser's
Trial To Be Settled Soon**

LONDON, Jan. 8.—The question
of whether the former Kaiser shall
be brought to trial will be settled at
the coming session of Allied leaders
in Paris, a member of the British
delegation said today when inter-
viewed at Victoria Station just be-
fore the British delegation left for
Paris.

Treaty Modification Will Be Requested by Hungary

PARIS, Jan. 8.—The Hungarian
peace delegation will ask certain
modifications in the economic clau-
ses of the peace treaty, which they
insist are unnecessarily severe, it
was learned today. They are also
expected to request an Allied loan
to assist in restoring their country.

Other than this, it was said, the
Hungarian delegation, which arrived
here yesterday, probably will ac-
cept the treaty as offered. Presen-
tation probably will occur next week.

CHANGES IN RAILROAD MANAGEMENT IS URGED

NEW YORK, Jan. 8.—Fundamental
changes in the management of rail-
roads are necessary to protect the
public from exorbitant rates and
prevent, on the other hand, insolv-
ency of the roads, Walker D. Hines,
director general of railroads, de-
clared in an address before the New
York City Bar Association last night.

"I believe there must be fundamen-
tal changes which will consolidate
the railroads into a few great sys-
tems," Hines said. "I believe that
public and labor as well as capital
must be represented upon the man-
agement of these systems."

HUNS FORCED TO SHOW ALLIES' WAR PICTURES

KREFELD, Germany, Jan. 8.—Ger-
man owners of moving picture houses
are being forced, it is reported,
to display prominently and often
Entente military pictures, showing
successful battle scenes and Entente
victories, particularly French, victories.
One concern has been closed by the
Belgian authorities for having re-
sisted a French military picture
so fast that the details could not be
seen.

Treaty Much Wanted In America, Say Democratic Leaders

WASHINGTON, Jan. 8.—The
country wants the treaty, and
it wants it mightily badly; it does
not care particularly whether
there are reservations to it or not,
according to Democratic politi-
cians here for the national Demo-
cratic committee and the Jackson
Day dinner tonight.

The demand for ratification is
particularly strong in the Middle
West and the South, Democrats
said, as those sections see in res-
toration of peace officially a hope
of the immediate return of normal
business conditions.

Spokesmen for the Middle West
said the treaty is the uppermost
thought among business men.

SOUTH WARNED TO WATCH FOR MORNING FROST

The Los Angeles Weather Bureau
this morning sent a special warning
to Frank Greenleaf, Santa Ana rep-
resentative of the bureau, warning
against a heavy frost tomorrow
morning.

Growers are advised to be on the
alert in the morning and to have
their smudging equipment in order
for use, should the temperature drop
to dangerous point.

The forecast is for all of Southern
California. The Santa Ana Valley is
in a measure free from heavy
frees, but it behooves all citrus
growers to keep a close watch on the
temperature in the morning.

BULLETINS

NEW YORK, Jan. 8.—Twenty
cars oranges and one car lemons
sold. Orange market 25 to 50
cents lower. Averages, \$1.80 to
\$6.01. Highest price, 26 boxes
Sterling, \$6.70. Lemon market
weak. Averages, 89 cents to
\$1.43. Weather, rainy; 8 a. m.,
temperature, 34.

INDIANAPOLIS, Jan. 8.—No
just reason exists for discord be-
tween the American Legion and
organized labor, Franklin D'Olier,
national commander of the
legion said today. He made his
statement in answer to certain
labor organizations which have
declared that the legion was op-
posed to their aims.

NOGALES, Ariz., Jan. 8.—A
protest against an alleged prac-
tice of oil companies in the Tam-
pico district employing members
of the American Legion as
guards for their property has
been forwarded to Washington
by the Mexican foreign office, ac-
cording to a Mexico City dis-
patch reaching here today. The
Mexican government claims that
employment of American Legion
members is a violation of Mexi-
can sovereignty because Mexico
claims they are under orders
from "alien authority."

DENVER PASTOR AND
GIRL NABBED IN L. A.

DENVER, Colo., Jan. 8.—Rev. Eu-
genio De Luca, pastor of an Evan-
gelical church here, is under arrest
in Los Angeles today on a charge
of violating the Mann anti white slave
act, according to word received here.
Miss Mary Colantonio, his compan-
ion, is held as a material witness.
De Luca took along his four children
after sending their mother to the
arrest. Mrs. De Luca was charged
with the pastor's co-worker in the North
Side community center here.

De Luca's relations with the girl
formed his resignation from a Chicago
Heights, Ill., pastorate, the wife
charged.

**"BLOOD AND THUNDER"
MOVIES ARE BARRED**

WASHINGTON, Jan. 8.—Interstate
transportation of "blood and thun-
der" moving picture films or still
pictures would be prohibited under
identical bills introduced by Senator
Core, Democrat, Oklahoma, and Rep-
resentative Herrald, Republican,
Oklahoma. The bill would affect all
pictures depicting the activities of
former convicts, bandits, train rob-
bers, or other outlaws. Those vio-
lating its provisions would be subject
to fines from \$5,000 to \$10,000 or
imprisonment.

2 ALIENISTS SAY HARRY NEW NOT INSANE

Attorneys Getting Ready
for Arguments Which
Will Open Soon

LOS ANGELES, Jan. 8.—Another
day of rather monotonous discus-
sion of whether Harry S. New is sane
or insane proceeded in the Superior
Court today.

Dr. D. H. Calder, Los Angeles
mental specialist, was on the stand
for cross examination when the trial
opened. He expressed the belief
that New is sane and the defense
started a searching examination in an
effort to modify this opinion.

Opening of the trial was delayed
until an automobile could be sent for
Charles Green, a juror, who was taken
ill yesterday. Green was able to
attend court although not yet entire-
ly recovered.

Dr. Louis Weber, last of the alien-
ists for the state who took the stand
shortly before noon proceeded to
take New to pieces physically as
well as mentally. He said he had
found New's head measurements are
normal but that his face and neck
are a little shorter on one side than
on the other and his palate is too
high.

He did not believe New entirely
normal mentally but thought he re-
alized the difference between right
and wrong.

Says New Cordial
Describing an interview with New
he said the defendant left his din-
ner at the jail to talk with him,
gave him a firm handshake, offered
him a cigar and was very cordial
and courteous saying "your time is
more valuable than mine."

"Can you tell the difference be-
tween a president and a king," Dr.
Weber said he asked New.

"A president is elected and a king
has his job handed down to him,
Weber said New answered.

He said his examination failed to
show signs of insanity.

Attorneys today were busy with
plans for arguments which they
hope to reach tomorrow. Assistant
District Attorney Asa Keyes will op-
en the arguments and will be follow-
ed in order by John L. Richardson,
Judd R. Rush and LeCompte Davis
of the defense. District Attorney
Woolwine closing.

The defense let it be known to-
day that it intends to give addition-
al brief testimony after the prosecu-
tion closes its rebuttal. Miss Edna
Clancy, New's half sister, will be
among the witnesses called.

Reforms In Divorce Laws Of Britain Being Sought

At left, Lady Lawson, Mrs. M. L. Seton-Tiedeman and Adrian H. Hassard-Short.

Union Hopes to Make It Much Easier to Obtain Legal Separation

LONDON, Jan. 8.—British divorce
laws are being attacked by the Di-
vorce Law Reform Union which
hopes to make it a bit easier for mis-
mated couples to obtain legal separa-
tion. The secretary of the union is
Mrs. M. L. Seton-Tiedeman who is
doing a major portion of the work.

Making infidelity the sole ground
for divorce in Great Britain is the
target for the union's attack. One
case cited by the union officers is
that of Lady Lawson who, it is
claimed, is entitled to a decree of di-
vorce but can not obtain it because
she can not prove infidelity.

Adrian H. Hassard-Short, secre-
tary of the "Poor Persons' Division"
of the London divorce court is work-
ing to make divorce proceedings
cheaper to afford the use of the di-
vorce courts by the poor. In Eng-
land divorce proceedings are some-
what costly and only the well-to-do
can afford them.

**FIRST AIRPLANE SHOW
IS OPEN IN CHICAGO**

CHICAGO, Jan. 8.—Aeroplanes—
from the single passenger "airster"
to the luxurious ten passenger "aer-
oline" were on display here today
at the first aeronautical show of the
west.

The show pictured a typical avia-
tion field. The ceiling of the Col-
iseum was covered with a sky blue
canopy with hundreds of twinkling
electric stars. The walls were cov-
ered over a thousand feet of scenic paint-
ings, depicting the world as seen in
flight. A giant dirigible swings from
the center of the building with
aeroplane in flight flanking it. The
whole display was meant to typify
man's conquest of the air.

Among the interesting exhibits is
that of the navy. The sailors dis-
played hydro-aeroplanes with air-
craft guns and other war equipment,
wireless telephone, aerial postoffice
and famous planes with war re-
cords.

**PROBE OF MURDERS
IN MEXICO STARTED**

MEXICO CITY, Jan. 8.—George
Sumnerline, the American charge
d'affaires, has made representations
to the foreign office on recent mur-
ders of American citizens in the
Tampico district. American news-
papermen were told at the foreign
office that the military commander
there is conducting an investi-
gation.

JUNE 28TH DATE FOR NATIONAL MEETING

California City Selected
Unanimously After It
Had 27 Votes

**STAND OF PRESIDENT
ON TREATY INDORSED**

Question of Whether Wilson
Will Try Third Term
Absorbing Topic

WASHINGTON, Jan. 8.—The Demo-
cratic National Committee to-
day chose San Francisco as the meet-
ing place for the Democratic Nation-
al Convention.

The last vote was unanimous for
San Francisco. San Francisco was
chosen on the first ballot.

As the voting proceeded it was
seen that San Francisco had polled
27 votes which was sufficient to win.
Delegates who had voted for other
cities then changed their votes to San
Francisco making it unanimous.

Seventeen votes had been cast for
Kansas City and seven for Chicago
when San Francisco received its 27th
vote.

The convention then selected June
28th as the date.

The national committee unani-
mously adopted a resolution endors-
ing President Wilson's stand for rat-
ification of the peace treaty without
reservations.

There was practically no opposi-
tion to the resolution.

The resolution denounces peace
treaty opponents and reservationists
as "worthy of the contempt of the
world."

Jackson Day Dinner Tonight
Incidentally, it has been decided
that hereafter the Jackson Day din-
ner, which heretofore has been held
but once in four years, shall become
a yearly event, and that instead of
being a District of Columbia event,
it will be nationalized. It is to serve
in future as an annual Democratic
party love feast, at which ideas for
the good of the party will be ex-
changed by chieftains from every
section.

As the Democrats gathered, the
fight for the convention was spirited.
San Francisco, St. Louis, Cincinnati,
Cleveland, Indianapolis and Kansas
City all had been urging their claims,
and presenting alluring offers to the
party leaders.

The most absorbing topic on every
hand was whether President Wilson
will be a third term candidate, and
if he is not, whether he will indicate
his choice among the many who are
being discussed. It is considered cer-
tain that the President will make his
position plain on the third term
question before this afternoon.

That he will not again be a
candidate was also the belief of most
of the leaders. They expect him to
keep his hands off, and to have no
part in selecting the nominee.

Groves placed on San Francisco's
selection.

"That's great!" Groves exclaimed

North to South—in fact the entire

RABBI BOUCHER HEADS JEWISH PEOPLE HERE

Rabbi J. H. Boucher of Silverton, Colorado, has been chosen rabbi of the newly-organized Jewish congregation, B'nai Brith, and he and his wife have arrived here and are domiciled at 120 South Sycamore street.

The first religious services to be conducted here by the new rabbi will be at 8 o'clock Friday evening of this week at Red Men's hall, Fourth and Birch streets. The sermon topic will be, "The Power of Vision." Services will be held here after each Friday evening at that hour and place.

One of Rabbi Boucher's first efforts will be toward the organization of a Jewish religious school. Enrollment will be made at 9:30 o'clock Friday afternoon, and the first session of the new school will be held at 9:30 o'clock Saturday morning. Classes will meet four times a week, at 4 p. m. Monday and Wednesday and 9:30 a. m. Sunday and Saturday.

Rabbi Boucher is a young man, highly recommended to the congregation here by the rabbi in Los Angeles. His home has been in Denver. Recently he has been practicing law in Silverton, Colo. His preparation for his work as rabbi includes four years, 1910 to 1914, as a student in the rabbinical school in Palestine. There are twenty-six Jewish families in Santa Ana affiliated with B'nai Brith, and it is expected that Jewish families in other portions of the county will become members of the congregation here.

AMUSEMENTS

EYES OF YOUTH IS GREAT FILM DRAMA

"The best thing she has ever done," says the San Francisco Call and Post, of Clara Kimball Young in "Eyes of Youth," to be at the Temple for three days, starting with a matinee tomorrow.

"That statement," has, of course, been made of the work of Clara Kimball Young in photodramas in which she has been seen in San Francisco before—and justly, too—but if it were permissible to qualify the word "best," her performance in "Eyes of Youth," in which she opened at the Imperial yesterday, could well call forth the whole gamut of laudatory adjectives.

"This great stage play, in which Marjorie Rambeau set all New York and later San Francisco, agog, has lent itself admirably to screen adaptation. Not only does the picture carry out faithfully the many dramatic incidents of the piece as portrayed on the stage, but with the wider range offered by the films it has gone afar afield in bringing before the eyes of the beholder in a most convincing and powerful manner the many varied and complex situations which the girl, who would look into the future, found confronting her in the crystal ball into which she gazed. This is particularly true of the opening scenes of the photodrama, which portray the wise men sending the Hindu Yogi out into the western world to bring good to those he found with a clean soul.

"As Gina Ashing, the girl who is confronted by the question of a choice between love and what she considers a duty to save the family fortune, three courses of the latter being open to her and who is helped to a decision by the Hindu fakir and his crystal globe, Miss Young is given opportunity for the display of dramatic versatility seldom offered a screen player. Nor does she fail to take full advantage of the opportunities offered."

HUGE AMERICAN EAGLE KILLED AT WOODLAND

WOODLAND, Cal., Jan. 8.—A monster American eagle, measuring seven feet one inch from tip to tip of wing, was brought to the store of Charles J. Groh, No. 517 Main street, by one of the Abele brothers, who killed it near Woodland. It is planned to preserve the rare and magnificent specimen of the great American bird and was placed with Groh for mounting. The talons are like the claws of a lion and the plumage apparently perfect and undisturbed in the capture. The bird attracted great attention, and by all familiar with them it is claimed that it is rare and of the giant variety.

YOUR COLD EASED AFTER FIRST DOSE

"Pape's Cold Compound" then breaks up a cold in a few hours.

Relief comes instantly. A dose taken every two hours until three doses are taken usually breaks up a severe cold and ends all the gripe misery.

The very first dose opens your clogged up nostrils and the air passages in the head, stops nose running, relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffling! Clear your congested head. Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store.

It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!—Adv.

WOULD QUIET TITLE TO LOTS ON SIXTH

Leslie M. The suit was directed against Ruth J. DeForest, J. B. Newcomb, Alice J. Taylor, Sarah E. Newcomb, Harley C. Newcomb, John M. Newcomb, Alice Frost, Georgia Newton, Ellora J. Cochran, Sarah L. Taylor, Ruth E. Armon, Elma S. N. Botts, E. Holmes Newcomb and William E. Newcomb.

WED SECOND COUSIN, HELD AS PERJURER

Held to answer on a charge of perjury in connection with an oath taken by him when he was issued a marriage license here, Pedro Chavez was today awaiting trial in superior court, following his preliminary examination before Justice John B. Cox. The girl in the case is Maria Jesus Chavez, 14, a second cousin of the defendant. The complaint was sworn to by Modesto Chavez, father of the girl. Deputy District Attorney A. P. Nelson prosecuted. It was brought out on cross-examination that Chavez was living in the family of the girl's father at the time she was born, and that at the time he was 11 years of age. This was submitted as virtually uncontroverted proof that Chavez perjured himself when he swore that the girl was 18 years old, when he was issued a marriage license here several months ago. Attorney Wright of Long Beach, defended Chavez, at the preliminary hearing.

HORTON SELLS INTEREST IN S. A. STORE

The sale of J. C. Horton's interest in the Horton-Spurgeon Furniture Company to W. H. Spurgeon, Jr., was announced today. Spurgeon will conduct the business under the name of Spurgeon Furniture Company, and will continue to handle a high grade line of goods. It will be his aim to increase his business facilities as demand in Santa Ana warrants.

In severing his connection with the firm Horton retains his interest in the good will of the business and will be re-engaged in the same business within a short time. The location of his new store has not yet been determined.

Horton has been in the furniture business here for twenty years and is equipped with a fund of knowledge on the requirements of this city in the furniture line.

He has been one of the business men of the city who has made a big business success. He started in business twenty years ago as a member of the firm of I. R. Horton & Son. The firm began in a small way by purchasing the second hand furniture store of Blee and McCombs at 205 East Fourth street, in the Opera house block. The firm immediately enlarged by branching out as a furniture store with a stock of new goods.

Its growth continued and the second hand business was eliminated. I. R. Horton & Son moved to the corner of Fourth and Spurgeon in 1906 and a little later sold out to E. P. Brooks. Following this, Horton and Spurgeon formed a partnership and opened a furniture store at 205 East Fourth street, in the location formerly occupied by Horton & Son. Here larger quarters soon being necessary the Brooks store was purchased and in 1910 Horton & Spurgeon located at the corner, where the firm gradually enlarged its floor space in order to meet the demand of its increasing patronage.

Recognized as a successful and courteous business man, friends of Horton will be glad to know that he will remain here.

Jumping at Conclusions.

PLATE GLASS WORTH \$300 WIND SMASHED

The "norther" which was blowing this morning, a door well in the path of the wind, and a large window which had apparently worked loose, today formed a combination which destroyed plate glass in the White Cross Drug store which will cost approximately \$300 to replace.

Scene: Fourth and Sycamore. Time: 11:30 a. m. January 8, 1920.

Act No. 1. A gust of wind catches the White Cross door and bangs it around against the end of the Fourth street display window, breaking the glass panel in the door and the plate glass at end of showcase, now worth about \$60.

Act No. 2. Another gust of wind, or the remains of the one above mentioned, catches the large plate glass window extending half-way across the front of the store, which it is believed had become loosened, and this glass falls to the sidewalk; loss \$200 to \$250. Nobody in the way and nobody hurt.

Act No. 3. "Doc" Gramm grabs a broom and sweeps up the pieces, while persons in the store shiver and gather their coats more closely about them.

Act No. 4. Tom S. Westor takes measurements for replacing the glass, while arrangements are being made for closing the large aperture temporarily until the new glass arrives.

INVITING BIDS FOR THE ERECTION AND COMPLETION FOR THE COUNTY OF ORANGE OF A GARAGE BUILDING, CONTAINING OFFICES FOR THE COUNTY ENGINEER, TO BE ERECTED IN THE CITY OF SANTA ANA, ACCORDING TO PLANS AND SPECIFICATIONS DRAWN BY W. W. KAYS, ARCHITECT.

NOTICE IS HEREBY GIVEN that sealed bids will be received by the Board of Supervisors of Orange County, California, up to the hour of ten o'clock a. m., of the 25th day of January, 1920, for all materials, work and labor necessary to erect and complete a County Garage building upon the County Engineer of said County, the same to be erected upon the following described real property, to-wit: Lots Four (4) and Five (5), Block "A," Spurgeon's Addition to Santa Ana, in the City of Santa Ana, County of Orange, California, the same to be in accordance with plans and specifications prepared by W. W. Kays, Architect, and approved by the Board of Supervisors of Orange County, California, now on file in the office of the Clerk of said Board and of said W. W. Kays, Orange County Trust and Savings Bank Building, Santa Ana, California, and plans and specifications will be furnished in accordance with the contract awarded to the successful bidder. The successful bidder will be required to execute a bond in the sum of twenty-five per cent of the contract price, with sureties satisfactory to said Board, to secure the faithful performance of said contract; also, the successful bidder to whom said contract is awarded, will be required to execute a further and sufficient bond in the sum of fifty per cent of the contract price, with sureties satisfactory to said Board, to secure the payment of laborers, materialmen, etc., in accordance with the laws of the State of California.

The Board of Supervisors of the County of Orange hereby reserves the right to reject any and all bids or to accept the bid deemed most advantageous to said County.

By order of the Board of Supervisors of the County of Orange, this 30th day of December, 1919. T. B. TALBERT, Chairman of the Board of Supervisors of the County of Orange, California.

Attest: J. M. BACKS, County Clerk of the County of Orange, and ex-officio Clerk of the Board of Supervisors of said County.

ORDINANCE NO. 167.

AN ORDINANCE PROHIBITING THE DUMPING OR OTHERWISE PLACING OF PUTRIBLE OR OFFENSIVE MATTER OF ANY KIND OR MANNER OF WAY OF ANY HIGHWAY WITHIN THE COUNTY OF ORANGE, ANY PART THEREOF, OR RUBBISH OF ANY KIND WHATSOEVER.

The Board of Supervisors of the County of Orange do ordain as follows: Section 1.

It shall be and is hereby declared unlawful for any person, firm, co-partnership or corporation to dump or otherwise place or cause to be placed on any highway in the County of Orange, any trash, refuse or rubbish of any kind whatsoever.

Section 2. Any person violating any of the provisions of this Ordinance shall be deemed guilty of a misdemeanor and be punished by a fine of not less than five dollars nor more than Five Hundred Dollars, or imprisoned in the County Jail for a term not exceeding six months or by both such fine and imprisonment.

Section 3. This ordinance shall take effect thirty days from and after its passage and before the expiration of fifteen days from and after its passage the same shall be published with the names of at least two members of the Board of Supervisors voting for and against the same for at least one week in the Santa Ana Daily Register, a newspaper of general circulation published and circulating in the said County of Orange.

Signed by the Chairman of the Board of Supervisors, this 30th day of December, 1919.

T. B. TALBERT, Chairman of the Board of Supervisors of Orange County.

Attest: J. M. BACKS, County Clerk, and ex-officio Clerk of the Board of Supervisors of the County of Orange, State of California.

County of Orange, ss. I, J. M. BACKS, County Clerk of the County of Orange, California, and ex-officio Clerk of the Board of Supervisors thereof, do hereby certify that at a regular meeting of the Board of Supervisors of said County of Orange, held on the 30th day of December, 1919, at which meeting there were present Supervisors T. B. Talbert, Chairman, presiding, Howard Wassum, S. H. Finley, Wm. S. Schumacher, and the Clerk, the foregoing ordinance, consisting of three sections, was considered section by section, and each section separately adopted and the said ordinance was then passed and adopted as a whole by the following vote, to-wit:

Ayes: Howard Wassum, S. H. Finley, Wm. S. Schumacher, and T. B. Talbert.

Noes: None.

Absent: Supervisor N. T. Edwards.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of the Board of Supervisors of said Orange County, this 30th day of December, 1919.

(SEAL) J. M. BACKS, County Clerk and ex-officio Clerk of the Board of Supervisors of Orange County, California.

The Best Cough Medicine

When a druggist finds that his customers all speak well of a certain preparation, he forms a good opinion of it and when in need of such a medicine is almost certain to use it himself and in his family. This is why so many druggists use and recommend Chamberlain's Cough Remedy. J. B. Jones, a well-known druggist of Cubrun, Ky., says, "I have used Chamberlain's Cough Remedy in my family for the past seven years, and have found it to be the best cough medicine I have ever known."—Adv.

METHOD OF GAS DISTRIBUTION EXPLAINED

After a comprehensive explanation of the gas distribution method in use by the Southern Counties Gas Company as it affects Orange County domestic and industrial users, the Chamber of Commerce directors last night dropped their investigation recently begun and discharged the committee appointed to probe the situation, following rumors that Orange County gas was being diverted to other communities at the expense of local industrial plants.

J. C. Hayden, district manager of the gas company, and A. F. Bridge, engineer of Los Angeles, were present at the directors' meeting and gave a lengthy explanation which satisfied the commerce board that there is no discrimination against Orange County industrial plants in favor of those outside. Some county plants have been shut off from gas, temporarily at least, but, explained the gas men, service to the same kind of plants all over the system was discontinued at the same time.

One statement which came as a surprise to the directors was that Orange county consumes more gas than she is producing at the present time, and is partly supplied from the Whittier-Montebello field in Los Angeles county.

One new member was voted into the Chamber of Commerce last night, L. H. Martin of 601 East Fourth street.

Whether or not the chamber should pay an allotment of \$200 to the U. S. Chamber of Commerce for a national building in Washington, D. C., was one subject up for discussion, but no action was taken.

FAST ANAHEIM CLUB IN 5-GAME SERIES

The Anaheim baseball club has been putting up some especially fast and interesting games, since they organized three weeks ago. They have played three games with the fastest teams in Los Angeles, winning the first by two scores from Stahl and Dean's All-Stars, then one from Rall's All-Stars by the same margin and in last Sunday's game they were beaten in the second game of a five-game series with the latter club, four to one in the eleventh inning. Back Lane, Anaheim's pitcher, struck out Bobby Meusel, the leading hitter of the Pacific Coast League last season, and who goes to New York Americans next year, twice and let him down without a hit in the entire game. The third game of the series will be played on the Anaheim high school grounds Sunday at 2:30 p. m. The club has arranged a large seating capacity, large crowds have been backing them up and some of the fastest ball seen in semi-pro circles in Southern California is the result.

Don't You Forget It Bear in mind that Chamberlain's Tablets not only move the bowels but improve the appetite and strengthen the digestion. They contain no poison or other digestive ferment but strengthen the stomach and enable it to perform its functions naturally.—Adv.

REVIVAL MEETING AT RICHLAND AVE. CHURCH

Revival meetings are in progress at the Richland Avenue Methodist church, and the interest in the services is growing each evening. Last evening Rev. John Oliver, First church, preached on "Meeting Christ at the Place of Self-Renunciation," and illustrated the discourse with the life of Saint Paul, and the facts from nature that we surrender the lower for the higher through all the activities of life.

The meetings will continue for some time. Dr. Oliver and Rev. Burton Y. Neal are assisting the pastor, Rev. F. W. Rollins. The pastor of the church has been sick for a few days, but expects to be present tonight to help Rev. Neal in the services, and this will mean special music and a live service.

Velvet around the neck is narrowed at the shoulders, and is finished with a short fringe of the chenille.

S. A. GOLFERS PLAY IN SO. CAL. TOURNEY

While the first round of the match play in the Southern California golf tournament was being staged on the links of the San Gabriel Country Club today, several members of the Orange County Country Club were recalling scores they made yesterday in the qualifying round play.

Following are among the scores made yesterday by members of the local club: F. B. Browning, 85-8-77; F. E. Farnsworth, 89-8-81; C. G. Twist, 90-8-82; A. C. Twissel, 92-8-84; C. D. Holmes, 95-12-83; Hugh Smith, 96-14-82.

CHILD HAS NARROW ESCAPE FROM FIRE

Louise, 2½ year old daughter of Mr. and Mrs. Wayne Goble of 728 Cypress avenue, had a narrow escape from injury this morning when her clothing became ignited from playing too close to a gas heater. The flames communicated to a sash box and soon almost the entire back of her dress was afire, the flames leaping up and singeing her hair. Mrs. Goble was out of the house at the time, but her mother, Mrs. M. W. Collins, heard the child scream and rushed to her aid, beating out the flames with her bare hands, which were blistered. The child's back is only slightly burned.

GLYCERINE MIXTURE SURPRISES SANTA ANA

The quick action of simple glycerine, buckthorn bark, etc., as mixed in Adler-ika, is surprising. One spoonful relieves ANY CASE of gas on stomach or bowels. Adler-ika acts on BOTH upper and lower bowels and removes all foul accumulated matter which poisoned the stomach. Often CURES constipation. Prevents appendicitis. One lady reports that she has no more pain in back or head or gas on stomach since using Adler-ika. Rowley Drug Co.—Adv.

IN CALIFORNIA METZGAR SELLS FARMER ASKED 10,000 AGENTS ESTIMATE HIS COTTAGE AT HUNTINGTON TO HELP KEEP ROADS GOOD

HUNTINGTON BEACH, Jan. 8.—The activity in the real estate market continues with considerable momentum, and most of the transfers continue to be in farm lands. T. B. Talbert & Co. report the sale of a seven-room house and two lots at Twentieth and Olive for J. C. Metzgar of Santa Ana, to L. J. Clark of Huntington Beach. Mr. and Mrs. Clark will occupy the house as soon as some repairs have been completed.

A tract of 22½ acres two miles southwest of Bolsa has been purchased by Earl Pryor, from S. B. Thomas of Santa Ana, the consideration being \$7,875, or \$350 per acre, through the same agency. Talbert & Co. also exchanged the house and four lots at Huntington avenue and Geneva street, belonging to Jack Halley, for 23.30 acres of land in Tulare county, and sold the land to W. P. Henry of Irvine, and Benjamin Earl of Santa Ana for \$6000.

A tract of 17.70 acres on the Bolsa Chica mesa has been purchased by N. T. Edwards of Orange, and J. J. Hurlburt of Los Angeles, for \$5,310, through this company.

San Diego Secretary Compliments Santa Ana on Her Growth

Copies of the Register of Jan. 2, recapitulating some of the developments and growth of the city in the past year were sent out to a number of secretaries of Chambers of Commerce throughout Southern California by J. C. Metzgar, secretary of the local chamber. The issue contained simple and pure recital of the advancement of the city in various ways and was not gotten up particularly as a boost number—simply to impress upon the people of this community what rapid strides the city has been making.

"Many thanks for the copy of the Santa Ana Register of Jan. 2, certainly happy to know the wonderful start you have made in your building program for 1920. It speaks volumes for your community and I hope the year will meet every expectation. Cities don't grow, they are built by men, and the only way to build them is to get busy, and this is what Santa Ana is doing. It is this spirit that is placing Southern California in the foremost rank in this country."

Pretty Birthday Party.

Little Frances Bowman, daughter
of Mr. and Mrs. Chas. Bowman, de-
lightfully entertained her friends
last Saturday afternoon upon the oc-
casion of her seventh birthday.After a jolly time at games the
guests gathered around the dining
table where a dainty repast was
spread with a lovely birthday cake
in the center and the good things
were enjoyed after the interesting
ceremony of blowing out the candles.The happy party comprised: Eliza-
beth Smith, Marjory Arundell, The-
ma Johnson, Marion Crookshank,
Kathleen and Lorna Allen, Beth Col-
lar, David McDougall, Jacob McFad-
den, Curtis Martin and Donald Bow-
man, Charles Adams, Bonnie and
Lois Kiser.

Leap Year Dance at Tustin.

The young married people and
young men and maidens of Tustin
who are fond of the dance and whose
custom it is to have an informal
dance every other week had their
first leap year party last Saturday
night at K. P. Hall.The committee sent invitations to
the girls this time instead of the
boys and each was instructed to
bring a partner.The girls were supposed to pay ex-
penses, act as floor managers and
ask the men to dance. This pro-
gram was carried out and both im-
mensely enjoyed the novelty.The refreshment committee served
lemonade during the evening.

Initial Meeting Held

The first meeting of the year for
the Ladies' Aid Society of the First
Christian church yesterday afternoon
was of unusual interest as plans had
been under way for several months
to make this initial meeting in hon-
or of Mrs. F. T. Porter, the wife of
the pastor of the church.The Community House was filled
with ladies of the church and their
friends. A basket of heliotrope and
daisies on the mantel piece and a
cheerful fire in the fire-place made
an attractive setting for one of the
most pleasant social affairs of this
church.There was a short devotional peri-
od with Mrs. J. Dennis, Mrs. O'Brien,
Mrs. Marrs and Mrs. W. T. Mitchell
taking part.A brief business period followed
when ten new members were added
to the roll of the society.A game, "A Penny for Your
Thoughts," under the supervision of
Mrs. O'Connor and Mrs. C. E. Wag-
ner, was enjoyed. This was followed
by a musical program with Veda
Mitchell, Lorin Cannon and Lizetta
Phillips giving several numbers.
Lorene Porter gave a humorous
dramatic reading which caused much
merriment.Mrs. Porter was presented with a
beautiful French bouquet by Mrs.
W. A. Lowman.Refreshments of hot chocolate and
wafers were served by Misses Kate
Richards, Ora Pringle, Emma Glover
and Blanche Cartmell.

Woman's Alliance Meets

A very interesting meeting of the
Woman's Alliance of the Unitarian
church was held at the home of Mrs.
Harwood Sharp, 222 Orange avenue,
yesterday afternoon with Miss Har-
riet Spalding of Los Angeles, who is
director of the Southern California
Alliances, present to give an account
of the Baltimore conference to
which she was a delegate.An account of the Layman League
which has its headquarters in Bos-
ton, was also given by Miss Spald-
ing, to the great enjoyment of all
present. Light refreshments were
served.

U. P. Missionary Meeting

The regular meeting of the United

PLACES

Places I love come back to me
like music.Hush me and heal me when
I am very tired;I see the oak woods at Sax-
ton's flamingIn a flare of crimson by the
frost newly fired,And I am thirsty for the
spring in the valleyAs for a kiss ungiven and
long desired.I know a white world of
snowy hills at Bounton.A blue and white dazzling
light on everything one
sees.The larches and the hemlocks
and maples sparkle.Their ice-sheathed branches
tinkle in the sharp thin
breeze.And iridescent crystals fall
and crackle on the snow-
crust.With the winter sun draw-
ing cold blue shadows
from the trees.Violet now, in veil on veil of
evening.The hills across from Crom-
well grow dreamy and
far.A wood-thrush is singing soft
as a violIn the heart of the hollow
where the dark pools
are;The primrose has opened her
pale yellow flowersAnd heaven is lighting star
after star.Places I love come back to me
like music—Mid-ocean, midnight, waves
buzz drowsily;In the ship's deep churning the
eclectic phosphorescenceSeems like souls of people
who were drowned at
sea;And I can hear a man's voice,
speaking, hushed, in-
sistent.At midnight, in mid-ocean,
hour on hour to me.

Celebrate 49th Anniversary

Owing to the fact that Wednesday,
the regular meeting day of the Can-
ton lodge, fell on the 49th wedding
anniversary of Mr. and Mrs. John
Holt of Tustin. Mrs. Holt, who has
been a member of that lodge for
many years, invited the lodge mem-
bers to her home to join in one of the
happiest celebrations given for some
time.Mr. and Mrs. Holt were married in
New York city January 7, 1871, and
have made their home in Tustin for
thirty-seven years, during which
time they have made many friends
throughout the county. They are
charter members of the Rebekah and
Odd Fellow lodges.The genuine splendor of "by-gone"
days was forcibly revived in the
table appointments, satin damask
brought from Sweden many, many
years ago, being used, together with
the beautiful silverware in quaint
pattern, given to Mr. and Mrs. Holt,
on their silver wedding anniversary,
just twenty-four years ago. Sparkling
in the center of the table was a sil-
ver and cut-glass basket of oranges,
adorned with a purple bow, empha-
sizing in a charming manner the col-
ors of the Canton lodge. Cut-glass
baskets filled with maidenhair fern
and violets with yellow bows were
also placed at each end of the table.
Several dishes in purple and gold
china that were wedding presents
to Mr. and Mrs. Holt were used upon
the table.After enjoying the delicious lunch-
eon, fancy work and social conver-
sation "whiled away" the time until
2 o'clock, when the lodge held a
short business session until 4
o'clock, when the meeting was ad-
journed in order that the District
Deputy, Mrs. Hattie Peters, and her
staff might go to Fullerton to officiate
at the installation of officers there.During the afternoon small pieces
of fruit cake that was made twenty-
four years ago at the celebration of
the silver wedding anniversary of
Mr. and Mrs. Holt, were passed.
This proved to be very good even
after the many years since it was
made.Many beautiful gifts were received
from near and far by the host and
hostess, tokens of the good wishes
of their many friends. Among these
was a pretty, baking dish sent by
Mrs. Della Anderson of Garden
Grove, who was unable to attend the
pleasant affair.Those present to congratulate the
host and hostess upon the many
happy years they have spent togeth-
er and wish them many more to come
were: Mr. and Mrs. C. S. Hubbard,

Burning Love Letter In Court As Artist's Wife Wages Property Battle

Battling to prevent her husband, Thomas Smith, landscape painter, from being awarded a judgment rendering an agreement conveying to her the Green Dragon confectionery property at Laguna Beach, Corinthis L. Smith took the witness stand in the court of Superior Judge West today, when the trial of Smith's action was resumed.

Most interesting of the testimony given by Mrs. Smith was that relative to a woman's petticoat, and several letters, which she alleged she found in Smith's trunk while he was in service.

The evidence in this connection was put on by her attorney, Clyde Bishop, to offset her husband's charges that she had been unfaithful to him. It was the allegation of Smith that representations he declared she made, relative to having been at all times true to him, was that induced him to enter into the agreement with her, following his discharge from the service, to convey to her the Green Dragon property.

Burning Phrases

One of the letters Mrs. Smith said she found in the trunk was one purporting to have been signed by Vyda E. Cory, of Florence. This letter was headed, "Say, Kid," and contained a number of burning phrases relative to the alleged writer's feelings of regard for the one addressed.

This letter read, in part:

"Every time I close my eyes I felt your arms and your lips. I could not go to sleep on account of my love feeling for you. I never had such a feeling in all my life."

Two of the letters introduced in evidence by Attorney Bishop were signed "Emma," and were alleged to have been written Smith by his first wife. One of these letters suggested to Smith that the writer and he go on a boat cruise together.

The introduction of the missives was somewhat warmly contested by Attorney Arthur G. Baker of Los Angeles, and his associate, Attorney B. E. Tarver, of Santa Ana.

At one juncture, Attorney Baker,

contending that no proper foundation had been laid for the introduction of the letters, said that it was quite within probability that professional men of all kinds would come into possession of letters from clients which it would not be advisable to make public. He said that practically all professional men come into possession of letters such as those alleged to have been written by Smith, and that he himself had been given such letters, for use as evidence in his cases. It would be an easy matter for the wife of any professional man to secure missives of that description and to use them as evidence in divorce proceedings, Attorney Baker said.

"Do your clients address you as 'Dear Arthur' in their letters?" asked the court.

"No, they do not," said the attorney.

"If they did," remarked the court, "I wouldn't blame your wife if she began divorce proceedings on the strength of them."

Replies to Questions

Responding to questions from Attorney Bishop, Mrs. Smith denied that her husband, in January, 1917, mentioned the possibility of his going into the army. She said Smith had an income of between \$1200 to \$1700 annually, which he will receive until his death, but that she, on the other hand, had nothing.

She declared that the money that went into improving the Green Dragon property was derived from her husband's allotment while he was in the service, from her own savings, and from money she received from the sale of some property located in the Laguna Cliffs tract.

Relative to the house on Laguna Cliffs, the witness said, she helped her husband do the carpenter work on it. The roof of this house, she said, was shingled by her husband and her.

Mrs. Smith testified that prior to Smith's entrance into the service she gave him \$350 to pay on the couple's automobile, but that he did not use this sum for this purpose. She said she mortgaged the Green Dragon property in order to pay the balance due on the car, and that later she paid off this mortgage herself.

Denies Lonesomeness

Mrs. Smith denied that prior to the purchase of the confectionery she had complained to Smith of being lonesome, and said that the only thing which was said between them before steps were taken to establish the Green Dragon was his declaration that while he had an income, she had nothing. She said it was this consideration, and not the alleged love letters, which she professed great love and affection for him, which caused him to put her in business at Laguna.

Introduced in evidence by Attorney Bishop was an agreement, dated September 21, in which the couple agreed to live apart, and in which Smith agreed to give his wife half of his income until January 1, 1918, and within six months to pay off all debts on the couple's automobile and on the Green Dragon property.

Later, Mrs. Smith said, because the confectionery was not making overhead expenses, she went to Los Angeles, working in the Wright-Martin airplane factory for a year.

Filling Mentioned

The name of Earl Filling was again mentioned in the case today. Mrs. Smith said in effect that she had known him for a long time, and that not only he, but relatives of his visited her while she lived at the Allison apartments, 131 South Grand avenue. With reference to silk shirts, which Smith had alleged she had bought for men friends, she said that on one Christmas she bought a silk shirt for Earl Filling, a dress shirt for Filling's father, and various other presents for members of the Filling family.

The first that Mrs. Smith knew of her husband's return from the service was, she said, when she received a long distance call from San Diego, asking her to come there the following day.

She said it was when she met him at San Diego that she confronted him with the letters and the petticoat she said she had discovered in his trunk. In explanation of the presence of the letters in his trunk, Mrs. Smith testified, Smith said:

"Man's a Man"

"A man's a man. You might as well know that now as later. This is merely one of my mistakes."

Smith, the witness said, wanted a reconciliation, but she said she told him she would not live with him any longer because of what she had found in his trunk.

Testimony relative to the agreement that was then entered into by the couple was given by Mrs. Smith. It was believed the case would be completed late today.

SUIT LAUNCHED FOR \$1118 AS REALTY FEE

Revealed through a writ of attachment which was on file today against L. J. Bushard was a suit brought in superior court by C. M. McCain, local real estate dealer, for a judgment of \$1118, alleged to have been earned by him as a commission in connection with his finding of a purchaser of 60 acres of land owned by Bushard near Talbert.

It was set forth in the complaint that on September 24, last, Bushard listed the property with McCain, and that the agreed price at which the land was to be sold was \$700 an acre. It was agreed in writing, McCain alleged, that he was to receive the usual commission of 5 per cent on the first \$1000 and 2½ per cent on the balance.

The purchaser McCain alleged he procured for Bushard's property was U. H. Plavan, who, it was set forth, made a deposit at the agreed price of \$700 per acre, and offered to pay the balance in cash immediately on the execution of a deed by Bushard.

Immediately after the deposit had been made by Plavan, the complaint alleged, McCain notified Bushard and asked him to execute a deed. It was alleged that Bushard refused to do this.

The purchase price, in accordance with the written agreement, was \$43,720, and the plaintiff's commission is \$1118, according to the complaint.

Bushard, it was alleged, refuses to pay the commission McCain says is due him.

Head & Rutan are attorneys for the plaintiff.

\$4,162 IS ASKED IN WALNUT SUIT

Asking a judgment of \$4,162, alleged to be due on deliveries of walnuts, a suit was filed in superior court today by Attorneys Ward Chapman and L. M. Chapman of Los Angeles, on behalf of E. Walter Pyne against J. E. Gowan, prominent fruit shipper of this city and Rosenberg Brothers and company.

It was recited in the complaint that Pyne agreed to sell and that the defendants agreed to buy all the walnuts grown by him. The defendants, it was alleged, agreed to pay Pyne the highest rate per pound that the defendants paid any other grower of walnuts from who they bought walnuts during the 1919-1920 season, but in no event less than the price per pound fixed by the Southern California Walnut Growers' Association which fixed 31½ cents per pound, so that, according to the plaintiff, the minimum price which the defendants would have to pay him was 30 cents per pound.

Beginning with October 29, 1919, Pyne alleged he delivered three lots of walnuts to the defendants. One lot was of 12,277 pounds, on which became due \$3,683.10; one of 12,443 pounds, in which became due \$2,732.90; and one of 820 pounds, on which became due \$246, according to the plaintiff.

Pyne recited that the defendants paid him \$3500. The amount for which he asks judgment is the balance he would have received had he been paid at the rate of 30 cents a pound for his walnuts.

No Great Act of Heroism Required

If some great act of heroism was necessary to protect a child from croup, no mother would hesitate to protect her offspring, but when it is only necessary to keep at hand a bottle of Chamberlain's Cough Remedy and give it as soon as the first indication of croup appears, there are many who neglect it. Chamberlain's Cough Remedy is within the reach of all and is prompt and effective. —Adv.

PLAN OF GIRL, 14, TO WED IS BLOCKED

Santiago Pasillas, 14, wants to marry Louis Vasquez, and vice versa. So they came into justice court yesterday to consult Justice John B. Cox about the matter. Justice Cox in turn consulted the civil code of California, also the office of the district attorney, and his "hunch"—that a girl under 15 can not marry, even if she has the consent of her parents—was confirmed. Justice Cox conveyed the law in the matter to the couple, via the official interpreter, Charles C. Carrillo. Santiago told Justice Cox she would be 15 next month. On the other hand, a friend of Vasquez, who had come with the couple, declared the girl already was 15 years of age, and would be 16 next month. This did not appear to alter the case to any considerable extent, however, and Santiago and her swain sadly departed.

SAN DIEGO TO PLANT TREES ON MAIN ROAD

Plans for a parkway of trees to line both sides of the state highway between San Diego and La Jolla have been approved by the San Diego city council. Funds raised by private subscription among the citizens of Pacific Beach and La Jolla are to start the work, which will be advanced by city funds later.

City Engineer Rhodes, who is also street superintendent, informed the council yesterday of the beginning that has been made by the people of Pacific Beach and La Jolla. Many of them favor black acacia trees, he said. Some of the councilmen also want these trees, but others preferred pepper trees.

VOLUNTEERS TO TAKE CENSUS ARE NEEDED

Three volunteers to take the census in three districts of the county have been called for by the census supervisor, C. G. Rowan of San Diego. The census is being taken now in every precinct in Orange county excepting San Juan, El Toro, Buaro and Katella precincts. Buaro and Katella precincts are one census precinct.

The enumerator in either El Toro or San Juan will have considerable traveling to do, as the precincts run well back into the foothills. The compensation offered for the work in the three vacant census precincts follows: San Juan, \$8 a day; El Toro, \$7 a day; Buaro-Katella in Westminster township, \$6 a day.

Census Supervisor Rowan has sent the following statement to the Register:

"We are still short three enumerators in Orange county, and am writing to ask you to make this fact known through the columns of the Register."

"A number of applicants for census work in the county have qualified but they do not reside in the districts where vacancies exist. However, among the eligibles there may be persons who, having some means of travel besides walking, would be willing to accept appointment outside of their home districts."

Any eligible person who is prepared to do the work should apply for it by telegraph, naming the district for which application is made. The wire should be sent to 'Census Supervisor, San Diego.'

"Immediately after the receipt of notification, supplies and commissions will be mailed to the applicants appointed. The first applicant for any given district will be the one chosen."

Santa Ana census enumerators have had very little trouble in taking the census. The enumerators working in Santa Ana are:

James E. Snow, 1019 N. Ross; Marie H. Perley, 802 Bush; Prince L. Tope, 320 S. Main; Maude J. Lash, 421 S. Broadway; Kate S. Scott, 619 Fourth; Viola Allen Franklin, 1001 E. Chestnut; Francis E. McCarter, 1129 Orange; Mrs. Daisy E. Turner, 409 Stafford; Jerome L. Parks, 1105 W. Third; Julia G. Cole, 801 N. Sycamore; Harriet C. Smith, 826 Lacy; Mrs. Lizzie J. Warren, 814 Parton; John A. Parks, 508 Fruit; John L. Nichols, R. F. D. 3.

Southern California

CHINO, Jan. 8.—At a mass meeting of citizens and taxpayers held in the auditorium of the Chino High School, resolutions were passed instructing the Board of Trustees to make improvements and additions to the building, which will cost approximately \$100,000. There will be a new auditorium with a seating capacity of 1500, which is to cost \$60,000, and in addition an inclosed swimming pool to cost \$25,000.

HEMET, Jan. 8.—A modern hospital is to be established in the San Jacinto-Hemet district, about February 1. The news became public when it was announced that Dr. Gregory, a former army surgeon and hospital director, who has been in charge of a hospital in the Philippines, had taken a lease on the Bohn property.

LOS ANGELES, Jan. 8.—President F. W. Blanchard of the Broadway Improvement Association yesterday announced that final arrangements for the big street carnival on the night of Jan. 17 when the new Broadway lighting system will be dedicated will be made by the general committee at a luncheon at the Union League Club next Monday.

REDLANDS, Jan. 8.—For the first time, the city schools of Redlands will receive midwinter classes in February. The final arrangements are being made for additional rooms and teachers for the new classes. Mid-year graduation will follow later.

PASADENA, Jan. 8.—Bank deposits in Pasadena yesterday, upon call from the comptroller of the currency, amounted to \$24,246,170. This is an increase of more than \$7,000,000 over the \$17,702,185 of a year ago at this time.

LONG BEACH, Jan. 8.—Increases of more than \$2,000,000 in both deposits and resources since the last bank call, November 17, 1919, were revealed in the statements given out yesterday by the seven local banks for close of business December 31.

REDLANDS, Jan. 8.—At a meeting of the city trustees protests were made against the use of the Sylvan Park picnic grounds as a municipal camp. Recently the privilege has been abused, and instead of a camp for auto tourists, it has grown into a camp for permanent residents, who live in tents and enjoy free gas furnished by the city for their cooking, until the picnic grounds are practically taken over by the campers.

DOGS TO HELP GUARD FINE LOUVRE JEWELS

PARIS, Jan. 8.—The recent fire in the old royal palace at Compiegne has caused the Department of Fine Arts to take precautions against further fires or thefts in France's state palaces. Locks are being placed on the doors of the Compiegne Palace, and offices where official documents have been stored since the war began have been ordered removed. Reservoirs and tanks have been built on heights near the Versailles palaces to guard against fire.

New precautions against robbery have been taken at the Louvre since the recent theft of a necklace. The interior courts will be kept lighter continuously and the guards will carry powerful lamps, enabling every corner to be searched. Dogs will accompany the guards in their tours of inspection.

PYTHIANS JOIN IN INSTALLING OFFICERS

Knights of Pythias lodges today are operating under new officers following joint installation of the officers of the two lodges at the local castle last night. The joint ceremony was preceded with a 7 o'clock dinner at James', with seventy-five members in attendance.

C. A. Nordstrom, District Deputy Grand Chancellor, was the installing officer, putting on the work without reference to the manual. He was assisted by Ben Wollenberg of Tustin, as Grand Master at Arms, and R. K. Bishop of Santa Ana, as Grand Prelate.

The committee in charge of the evening program and entertainment was composed of A. L. Tucker, Frank S. Browne, Jas. R. Thompson, Santa Ana, and C. A. Nordstrom, Floyd Turner and Otto Thorman, of Tustin.

Addresses were made by Geo. H. Miller, "Upbuilding of the Order;" Dr. Mosier, "Pythianism in its Incapacity;" Forrest Collier, "Work in the Lodge the Past Year;" Joe H. Stout, "Pythianism in Business;" A. D. Bishop, "Rank Work;" Fred C. Wright, "Work in the Lodge;" L. A. West, "Good of the Order;" the speaker made a strong plea to stand by the flag and government. The following officers were installed by Santa Ana lodge No. 149 and Tustin Lodge No. 85:

Tustin — Chancellor Commander, John Kaiser; Vice Chancellor, Otto Thorman; Prelate, Grover Fultz; Master at Arms, Floyd Turner; Keeper of Records and Seal, E. C. Heard; Master of Finance, D. L. McCharles; Master of Exchequer, Wm. Collar; Master of Work, Wm. Stafford; Inner Guard, L. M. Gordon; Outer Guard, F. W. Collar; Trustees, C. E. Bowman, C. A. Nordstrom, Claude Pettit.

Santa Ana — Chancellor Commander, Fred C. Wright; Vice Chancellor, E. E. Wood; Prelate, A. L. Tucker; Master at Arms, J. I. Halsell; Keeper of Records and Seal, Frank S. Browne; Master of Finance, W. W. Wasser; Master of Exchequer, E. B. Trago; Master of Work, C. H. Wandell; Inner Guard, E. G. Glenn; Outer Guard, Jas. R. Thompson; Trustees, G. P. Campbell, E. G. Glenn, Jas. R. Thompson.

HOME PEOPLE FORGET GOD, SAYS DIVINE

"People of Santa Ana are not to perish because of their lust, or their thievery, or their drunkenness, but because they forget God," was a declaration last night by Rev. J. Q. A. Henry, revivalist, at the First Baptist church.

Despite the cold of the evening, there was a good attendance, and those who were present were benefited by a most helpful sermon on "Has the Modern World Lost God?"

The solo of Byron Burditt, "Have You Forgotten God?" was a masterpiece of a song that is full of sentiment.

The subject this evening will be "Has the Modern Church Lost Christ?" Tomorrow afternoon the evangelist will take as his subject for the 3 o'clock meeting, "Power from On High." Tomorrow evening the topic will be, "No Compromise, or Making Clean Work of It."

Following are brief quotations of last night's sermon: "God is no more or less to you than what you feel him to be." "God is of no value to us unless we are conscious of His presence." "What is it to forget God? First when a man forgets his own soul, he forgets God; when he starves his spirit, he forgets God. Second, when he forgets his brother man, he forgets God. God views every man as an entity, not as a cog in a piece of machinery. God said 2000 years before Henry George, 'I am for men.' We must be for men or we forget God. We are bound to show our interest in mankind. Third, if we forget God's law, we forget God."

COUNTY'S INSURANCE IN 1916 ONLY \$1838

That it cost Orange county only \$1838.31 to insure all its employees in the State Compensation Insurance Fund during the year 1916, was announced today by County Aid Commissioner W. S. Gregg, who has just received a check for \$627.71, which is the final dividend, or refund, on the 1916 premium. The check has been deposited to the general expense fund. The state law requires that 70 per cent of the dividend for each year be withheld for a period of three and a half years.

BUILDING HIGHWAY Work began last Tuesday morning on the Beaumont-Redlands highway. The grading and paving contractor, H. H. Lineau, started a force of men and teams at work on that day. He took the contract for \$66,000. This road will be of immense value to Banning and Beaumont and will open transcontinental traffic through the pass country.

\$100,000 DEALS REPORTED BY BERGER CO.

The C. B. Berger Company, of Anaheim, reports the following sales of real estate for the first week of January, the three deals involving more than \$100,000.

To M. H. Frantz, of Portland, Oregon, a very fine 10 acre bearing Valencia grove with modern improvements, situated on the boulevard west of Anaheim, from Carl Chillot. The Chillot plan on going to Long Beach, where Mrs. Chillot's parents reside.

To W. K. Thompson of Santa Ana, from Hark Kittle, also of the same city, property on Mo. West street, Anaheim. The Thompsons have started the building of a modern home on this property.

To Louis Henning, prominent orange grower of Anaheim, 20 acres solid to highly productive Valencia oranges, situated west of Anaheim, from Chas. Latimer. This is considered one of the choicest orange grove properties in Orange county, and adjoins some very fine citrus land, which Berger has just placed on the market.

RATTLESNAKE PRICES UP

POISE, Idaho, Jan. 8.—Even the price of rattlesnakes has advanced. A Cleveland company has written state officials saying it was anxious to obtain a large supply of the rattlers, because the price of rattlesnake oil had advanced to \$2.50 an ounce. "We have formed a company to catch rattlesnakes and intend to send men out to get them," the letter continued.

EVER SALVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without straining you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.—Adv.

Can You Solicit Subscriptions

To Newspapers and Magazines? If so, write us—we need a representative in your city to handle a new proposition.

We want men who have had experience in soliciting subscriptions to newspapers and magazines, but they need not solicit, merely train others. It is a real opportunity for the right party. The pay will be liberal.

Your letter will be regarded as confidential. State age, experience, and present income. ADDRESS V. BOX 27, REGISTER OFFICE

SEATTLE MAN INVESTS IN TWO PROPERTIES

FULLERTON, Jan. 8.—Herman Bakenhaus of Seattle, Wash., has purchased two groves, one of 15 acres of navels at Arlington, the price being \$22,000, and the other, a five acre improved tract at Garden Grove, the price being \$13,500. Mr. Bakenhaus, with his family of seven very interesting children will make their home at Garden Grove, and will take possession in the very near future.

Mrs. Hanna, of San Francisco, has purchased a lot from Mr. Hummel on Hilcrest avenue on which she will build a home for her daughter and son-in-law, Mr. and Mrs. Erickson. Mr. Erickson is in the clerical department of the Union Oil company.

C. A. Emerson has sold his 20-acre orange grove at Santa Susana to George Cook and has taken as part payment the 20-acre place north-west of Garden Grove, known as the "Fairwider place," and ten acres north of town known as the "Lillie place." He has eight acres of oranges on the Fullerton place and will have the remainder set to oranges. Five acres of the Lillie place are set to oranges and he will have the other five acres set to this fruit as soon as possible. He still has 20 acres of walnuts at Santa Susana.

GRANTED SPRAYING PERMIT The board of supervisors have granted Frank Maag an orcanau spraying permit.

CLEAR \$12,000 PROFIT IN WEEK ON H. MCPHEE PROPERTY

Purchasers of Villa Park Tract Make Quick Turn at Advance Price

E. Bula and associates who purchased the H. McPhee 15 1/2 acre orange and lemon grove at Villa Park a couple of weeks ago, cleaned up a profit of about \$12,000 in a week by resale of the property. Ten acres of the tract was sold to D. A. Blank of Orange and the balance to the Lemon Association in Villa Park. The consideration paid McPhee was \$32,000, and it is understood that Blank paid the same amount for the ten acres, leaving the sale price of the tract to the Lemon Association clear profit to the men involved.

Bula, E. B. Collier, L. D. Palmer, Mr. Chaffey and C. H. Jeffrey, all Orange men, have developed a holding organization among themselves and have bought a 35-acre grove south of Anaheim from Mr. Delozier, for which they paid approximately \$50,000.

E. B. Collier has come into possession of the residence property at 602 E. Fourth street, this city, papers in the deal now being in preparation. He is acquiring it from a Mr. Benson. The frontage is 54 feet, the residence being one built a number of years ago by the late Dr. M. A. Menges, and the home for many years of Mr. and Mrs. Chas. H. Albee, who now live at Tustin.

FINGER BADLY BURNED BY BATTERY IN AUTO

CHICO, Cal., Jan. 8.—C. W. Chase, automobile electrician of this city, has a scarred finger as the result of a curious accident as he was testing the connections on a car. A gold band ring he wore came in contact with the frame of the machine and a wrench which he had in his hand, touching the ring, struck a contact of the storage battery, with the result that Chase's ring was melted from his finger and the finger burned.

OPERA SINGER FACING DEPORTATION CHARGE

CHICAGO, Jan. 8.—Charles Baklanoff, star baritone of the Chicago grand opera company, was at liberty on \$1,000 bonds today awaiting hearing on deportation charges. The charges were filed by Mlle. Elvira Amazar, also a member of the opera company.

The woman charged Baklanoff with having him to accompany him to the United States from Russia on his promise to marry her. She later learned he had a wife in Russia, she said.

Will Santa Ana Be As Big Forty Years Hence As Los Angeles Is Now?

By WAYNE GOBLE

SANTA ANA is today greater in population than Los Angeles was forty years ago.

In 1880, the United States census gave Los Angeles a population of 11,183 people.

Santa Ana today has a population estimated at around 17,000 to 18,000 people.

In the past forty years, Los Angeles has increased her population sixty times over.

Will Santa Ana duplicate Los Angeles' record growth? Will Santa Ana be a city of 700,000 in 1960?

Many will say such a question is absurd—that two great cities cannot be developed so close together as Santa Ana and Los Angeles are.

But look at Oakland-Berkeley-Alameda (all one city) growing up within a mile or two of San Francisco. Look at Brooklyn right under New York's nose. Look at East St. Louis; look at St. Paul and Minneapolis. And there are many other such instances in the United States.

Must Be Done First

Moreover, and aside from any precedent, everything has to be done the first time. And again more over, nowhere else in this country are natural conditions so favorable for a dense and wealthy population as they are right here in Orange County.

Nearly every acre of our soil will produce enough to support a family, and nowhere else are conditions better or as favorable for certain kinds of manufacturing or for retired residence or for all-the-year-around tourist business.

So again the question—Will Santa Ana be a city of 700,000 in 1960? She can if she will. Only the people of Santa Ana may say what this city shall be forty years hence.

Every natural advantage is here for a city as big as Los Angeles. We have the soil and the climate, as good or better than Los Angeles; we're closer to the foothills, closer to the mighty Pacific, and closer to our harbor than Los Angeles is to San Pedro.

Room for Expansion

There are many, many miles of open country roundabouts wherein the city can spread, just as Los Angeles has spread out for many miles in every direction.

Los Angeles owes a lot of her growth in recent years to the development of San Pedro harbor. But Orange county's harbor is farther along today than San Pedro's was forty years ago, and should therefore result in a faster growth here than took place in Los Angeles immediately after 1880.

Santa Ana is bound to grow, and her growth will be limited only by the limitations of her people.

If we should be supremely content.

P. O. RECEIPTS AT ANAHEIM, \$23,162

ANAHEIM, Jan. 8.—While Anaheim cannot claim any such record as Santa Ana has made in growth of post office receipts in the past ten years, still this town comes forward with a most creditable showing with a gain of nearly 150 per cent over the 1910 figure. The 1919 receipts, according to Postmaster J. F. Ahlborn, were \$23,162.04.

The receipts of the office each year during the past decade were as follows:

1909.....	\$ 9,615.35
1910.....	11,497.28
1911.....	12,958.92
1912.....	14,160.17
1913.....	15,941.79
1914.....	15,051.44
1915.....	15,222.46
1916.....	16,941.46
1917.....	17,446.80
1918.....	21,665.95

HERE THREE WEEKS, BUYS HOUSE, 2 LOTS

L. C. Neal has lived in Santa Ana only three weeks, but already he is the owner of a house and lot and this week bought another lot upon which he plans to build a new house within the very near future.

The first steps toward purchasing a home were taken six weeks ago, on a short visit here from Oceanview, where the Neals have lived for eight years past, when arrangements were completed for buying the new Coleman Hargett house at 705 Cypress avenue. This place was occupied three weeks ago, and since that time Mr. Neal has been looking about the neighborhood, with the result that he has bought the lot at 732 Cypress avenue, recently sold to Wayne Goble by Amelia Randall and Mrs. Mary N. Fogg.

On this lot Mr. Neal plans to build a home for his son, T. J. Neal, who for the past year has been in the motorcycle business in Santa Ana at 412 East Fourth street.

L. C. Neal is a native of Wisconsin and previous to coming to California was for several years in business in Idaho. He is a veteran of the Civil War.

RESERVE BLOCK OF SIXTEEN LOTS ON MARKET

Ashby Turner Acquires Ownership of Old-Time Tract and Subdivides

A tract of residence lots that has been held in reserve for many years today is being thrown on the market through acquisition of the property by Ashby Turner, who has purchased it from Robt. McFadden. It is the tract in the northeast part of the city embraced within the four streets—Lacy, Garfield, Wellington and Vance.

There are sixteen lots, all 50 x 150 to a 20 foot alley, the lots facing west on Lacy and east on Garfield. Building restrictions have been placed on the property. Purchasers of lots facing on Lacy will be obligated to erect residences costing not less than \$5,000, while purchasers on Garfield will be required to build structures costing not less than \$5,000.

Another condition will be a limit for setting the buildings back from the sidewalk. All will have to be built a certain distance back from the sidewalk, making the fronts uniform on each street.

Building has developed in all the blocks surrounding this tract and probably the reason it has not developed in this block is because no special effort has been made to sell the lots. The tract was formerly owned by Jas. McFadden, a brother of Robert, and it is believed to have passed into the ownership of the former in a deal made in the seventies between McFadden and the late W. H. Spurgeon, founder of Santa Ana.

The block at one time was offered to the city of Santa Ana as a park. It is said. The price at that time was \$5,000 and property owners in the vicinity raised half the amount as a donation if city would complete the deal. It is understood that it recently was suggested to the present city council that the block be acquired for park purposes.

WHITE OPENS OFFICE AT 315 NORTH MAIN

Everett A. White, associated with the California National Bank for a year past, has returned to the insurance game and has opened an office at 315 North Main street, handling the Pacific Mutual policies. He will also enlarge the scope of his business by engaging in the real estate business, feeling that his experience and long residence here will be of value to those wishing to buy or sell property in Santa Ana and vicinity.

BUILDING OVER QUARTER OF A MILLION THE FIRST WEEK

30 City Permits Issued Past Five Days; Total to Date Is \$250,820

SANTA ANA BUILDING

30 Permits, Jan. 2, 3, 5, 6, 7 \$250,820

With thirty city building permits issued since New Year's Day, aggregating over a quarter of a million dollars, Santa Ana is already well upon its way to a record building year. To be exact, permits issued up to last night totaled \$250,820, as compared with 24 permits in all issued in January, 1919, totaling \$5,550.

Ten permits, including the \$200,000 hotel, three residences for Shaw & Russell, two residences for M. F. Doig, residence for Geo. R. Wells, residence and repairs for Nancy G. Stroud, garage for Geo. Rosemeyer and addition to residence for W. H. Matthews were issued on January 2, the total reported up to 2 p. m. that day being \$222,150. The January 2 total was further swelled later in the day by the following permits:

California Crate company, owner, G. A. Barrows, builder, first unit of crate factory on Santa Fe right of way, \$5,000.

N. B. Stoddard, alterations and repairs, 833 North Parton, \$150.

H. S. Greenwald, wreck old barn, build garage, 1218 West First, \$500.

This made a total of thirteen permits issued last Friday, aggregating \$227,800. That one day's business at the building inspector's office set an entirely new day's record and already places January ahead of any previous month in history. The greatest previous month was February, 1915, when the high school permits were taken out, with a total of \$442,970.

Other Recent Permits.

Other building permits issued since Friday and up to last night were the following:

Orange County Garage Co., owners, J. S. Fluor, builder, extramural garage at 513-21 North Spycamore, \$7,000.

Shaw & Russell, owner; R. Fraser, builder; residence at 312 South Garmany, \$3,000.

Roy Russell, owner; R. Fraser, builder; residence at 2014 North Broadway, \$3,000.

Chas. Stine, owner, A. C. Black, builder, add kitchen and screen porch to residence, 614 West Washington, \$2,000.

O. Halsell, owner, J. S. Fluor, builder, add to rear of garage, 413 West Fifth street, \$2,000.

John McFadden Co., owners, G. E. Preble, builder, new front, etc., at 114-16 East Fifth, \$1,400.

S. Hill & Son, alterations and repairs, 213 East Fourth, \$1,000.

Central Auto Park, owner, C. I. Talbot, builder, garage sheds at Third and Bush, \$1,000.

S. W. Sutton & Co., alterations and repairs to market, 308 East Fourth, \$600.

Geo. Y. Coutts, owner, N. L. Galbraith, builder, double garage with plastered outside walls, 520 West Sixth, \$500.

Oscar Cochems, owner, M. Labonty, builder, wreck old garage and build new one, 340 West Second, \$400.

G. H. Eberlein, private garage at 1415 West First, \$300.

Ole Gradin, private garage at 1019 West Pine, \$200.

John Bain, add bath and repairs, 510 East Washington, \$300.

E. W. Boynton, owner, Al Chapman, builder, additions and garage, 209 South Main, \$130.

J. R. Eymann, private garage, 520 North Alhambra, \$100.

E. J. Barger, additions and repairs, 1103 West Fourth, \$90.

ACTIVITY IN REAL ESTATE AT NEWPORT

NEWPORT BEACH, Jan. 8.—Considerable activity in realty has been manifested in Newport Beach during the past week. The real estate firm of McMillan & Irwin report the following deals for the past week:

Lot on 29th street owned by P. A. McConkie sold to Gale Arbogast, of Fresno.

Thomas V. Longmire house on Bay avenue sold to William Kidder, of El Monte. The new owner has already moved his household goods in and is occupying the home.

Ocean front lot sold to W. O. O'Brien.

House and lot on 29th street sold to S. L. Marlow, of San Pedro.

Al Racker house on 32nd and Central leased to Alonzo White, of Arizona.

House on 30th street leased to Chandler Johnson.

POSTAL FINALLY ARRIVES BOSTON, MASS.

Jan. 8.—After being en route from Port Ethan Allen, Vt., to Boston for thirteen years, a postal card has been received by H. B. Macy, of No. 370 Atlantic avenue. The card was mailed at the fort on July 31, 1906, to Macy's sister, Hazel, and it was addressed to her father, who died a few years ago.

President Wilson's Cook Becomes Soldier's Bride

Mr. and Mrs. Christian H. Larsen

Culinary Expert at White House Will Remain On the Job

WASHINGTON, D. C., Jan. 8.—Anyhow Christian H. Larsen, a soldier stationed at Fort Washington is sure of getting good meals in the future.

In fact, he is sure of enjoying as good cooking as President Wilson and family. Why?

Because Larsen has just become the husband of Sigmund N. Nilsson, who is President Wilson's chief cook.

Mrs. Larsen was taken to France with the President's party to see that they were properly fed and she did so in spite of French customs and recipes. She is not only a good cook but a scientific one as well.

When Larsen proposed and was accepted it was with the understanding that the bride would continue on the job at the White House. The arrangement is still in force since the brief honeymoon has been ended.

Other Recent Permits.

Other building permits issued since Friday and up to last night were the following:

Orange County Garage Co., owners, J. S. Fluor, builder, extramural garage at 513-21 North Spycamore, \$7,000.

GRANDMA BRIDESMAID AT AGE OF 95 YEARS

LA CROSSE Wis., Jan. 8.—Grandma Sjolander, ninety-five, acted as bridesmaid at the wedding of her granddaughter, Miss Laura Marie Sjolander, and John Stewart Reid, manager of the Hotel Medford, Milwaukee. The ceremony took place in the home of the bride's parents, Mr. and Mrs. C. A. Sjolander, Onondaga.

The Rev. E. O. Vik pronounced the banns. The groom was a Lieutenant in the Engineering Corps.

FIND FLASK OF BOOZE AND BATTLE FOLLOWS

NEW YORK, Jan. 8.—The town of Mineola was thrown into a whiskey-covered dust, was discovered in partition under the first floor of the old Nassau Hotel, which is being torn down.

A workman's cry, "There's a bottle of booze!" reached the ears of persons waiting for trains at the Long Island Railroad station across the street, and no less than 100 men dashed into the hotel.

Some of them missed their train. While they were battling for the booze, Hugh Kennedy, who owns the building, seized it.

He broke the cork trying to pull it out. Then he went down the street looking for a corkscrew, and disappeared.

EXCELSIOR DAIRY CO. BUYS CORNER SPURGEON, SECOND

Providing for a possible contingency of the future, the Excelsior Dairy company today is the owner of the Stevens property at the southwest corner of Spurgeon and Second Sts., the purchase having just been made through the agency of C. M. McCain and R. G. Cartwright. The consideration, it is understood, was \$5,000.

The property was used for many years by Dr. H. J. Stevens, veterinarian, and at present is occupied by Hirschel Johnson as a horse and mule sales yard.

The company will use this place for stabling its teams and equipment, and contemplates no alterations in the immediate future. It will get possession the first of February.

The contingency the company is providing for is the possible necessity for securing a new location for its general plant, now located at the corner of First and Main streets. A change is not contemplated at this time, but may be necessary at some future date.

KINDNESS TO OLD MAN YEARS AGO, REWARDED

As the result of a bit of kindness extended to an old man many years ago, Mrs. W. T. Long of Brea has been named beneficiary to an estate in Arkansas.

Many years ago Mrs. Long was given the opportunity to serve an elderly man in Newport, Arkansas. The man had lost his money and had no means of returning to his home. He had wandered about the streets in search of food and transportation until he was on the verge of desperation.

He was found by Mrs. Long, who gave him food and a few dollars with which to return to his home. Shortly afterward she received a telephone call from the man's son, who thanked her for her kindness.

She told her that his father had plenty of money and was not in need and that he appreciated the assistance she had given him. Mrs. Long did not even learn the name of the gentleman.

The first of last week Mrs. Long received word from W. M. Boston, Little Rock, Ark., a lawyer, who informed her that the old man passed away and named her beneficiary of his estate. The extent of the estate was not mentioned, but it is now up to Mrs. Long to prove she is the one who assisted the gentleman in his time of need.

DEMAND GROWING FOR NEW ENGLAND FARMS

WASHINGTON, Jan. 8.—New England farms, now comparatively low in price, are attracting the sons of the men who sold them a generation ago to acquire cheaper lands in the West, the farm loan board declared in its annual report.

"These New England lands need lime and manure," said the report, "but, given these, they will produce more corn to the acre than Iowa, and all their produce—grain, truck and dairy—is within a few miles of great markets, generally over stone roads."

Southern farmers are said to lead those of other sections of the country in building improvements during the year.

FARMER CATCHES WOLF. VALPARAISO, Ind., Jan. 8.—Herman Detlef, a farmer six miles south of here, is to have a wolf robe made from the skin of a wolf he caught in a trap which he set to protect a herd of sheep which the animal had been raiding.

The wolf weighed thirty pounds. Since the reclamation movement in the Kankakee River region the wolves have moved to higher ground.

VITAL NEED IS UNDERSTOOD BY PARENTS OF STUDENTS

Executive Committee of Federation Keenly Interested in Issue

At a meeting of the executive committee of the Federation of Parent-Teacher Associations of Santa Ana yesterday plans for active work by association members on election day, next Tuesday, were made. The Parent-Teacher associations are thoroughly informed upon the need of additions and improvements at the Santa Ana High School and are giving the \$110,000 bond proposal to be voted on Tuesday their active support.

The executive committee of the city federation is composed of the president of the parent-teacher organization of each school in Santa Ana, together with officers elected at large. The officers are: Mrs. John Clarkson, 801 Minter street, president; Mrs. J. W. Sackman, 612 Olive, secretary; Mrs. Charles Hosea, 414 South Broadway, treasurer.

The presidents of the various parent-teacher associations who are members of the executive committee of the city federation and who took part yesterday in making plans for aiding the bonds are: Mrs. H. H. Sammis, 216 East Washington avenue, high school association; Mrs. I. R. Hendrix, 1206 West Washington, North Main, Jefferson school; Mrs. F. M. Cole, 614 West Fourth, McKinley school; Mrs. R. J. Brown, 925 East Chestnut, Roosevelt school; Mrs. Terry Stephenson, 926 Lacy, Lincoln school; Mrs. Cood Adams, 802 South Broadway, Spurgeon school; Mrs. Mary Robertson, 1311 North Main, Jefferson school; Mrs. Fred L. Cole, 614 West Fourth, McKinley school; Mrs. Guy Koons, 1302 West Washington, West Fifth street school.

Vital Interest Shown

The discussion at yesterday's meeting brought out very clearly the interest that parents of children in the schools have in the situation. Mrs. Sammis, representing the parents of students in the high school, is president of the association that is most directly interested. In the girls' dressing room, the only room now available for use of gymnasium classes, conditions are especially unpleasant and menacing.

There is no opportunity for the girls to hang their gymnasium suits on hooks that the suits may air out before being used again. Space is so inadequate that the suits must be rolled up and put into a bundle and there left until time comes for their use again. "Unpleasant" and "unhealthful" are words that have been applied to the condition.

That is but one of the conditions existing at the high school that Mrs. Sammis and those she represents hope to remedy. Other present conditions have to do with crowding in other departments of the high school and with the need of an assembly hall.

Intermediates Interested

The Intermediate Parent-Teacher Association is almost as vitally interested as the high school, for pupils go direct from Intermediate to the high school. Seventy Intermediate pupils enter high school within three weeks from now.

Other P. T. associations are interested by reason of the fact that children from those schools are growing up fast and it will be but a short time until children from those schools reach the high school.

In order to be of practical service in carrying the bonds next Tuesday, the representative of each school is to appoint committees to help in getting out the vote. Arrangements are being made so that the telephones at Intermediate and the high school can be used by representatives of the associations, and any person who wants to go to the polls to vote and has no way to go can call either of those telephones and an automobile will be sent.

The members of the executive committee are certain of the importance of carrying the bonds, and are vigorously putting their shoulders to the wheel. It is suggested that anybody who can give a few hours on election day toward carrying out the plans of the P. T. A. to get out the vote call the president of one of the associations and make that fact known. Volunteers will be needed.

HERE TO REPRESENT TR

HOW LARGE WILL SANTA ANA BE IN 40 YEARS?

(Continued from page seven)

tent with things as they are, and go to sleep, people would shun us as they would the dead, and the city's growth would be slow.

But if we continue to be up and coming, alive, alert, and not afraid to spend a dollar for improvements, the expansion of our town will know no bounds.

We can make Santa Ana a touristic center equal to any point on the Pacific Coast. We can make Santa Ana a city of nation-wide industrial importance. We can make Santa Ana a city extending from the foot hills to the sea. We can make Santa Ana as big forty years from now as Los Angeles is today—if we will.

Worth Great Effort

Just think for a minute what your present Santa Ana holdings would be worth if they were located in many blocks from Seventh and Broadway, Los Angeles, as they are from Fourth and Main, Santa Ana! Wouldn't it be worth a lot of effort and money to you personally to make Santa Ana a town of 700,000 people?

The only way we can do what Los Angeles has done is to do it, and don't worry about the cost, for the man who spends is the one that gets ahead, and the town which builds ahead of its present needs is the one that grows faster than its fellows.

If we duplicate Los Angeles' record we must increase our population at the rate of 4000 to 5000 people a year for the next ten years, which means a thousand new houses or apartments a year.

In the following ten years we must grow at the rate of 5000 to 6000 people a year, which means about 1200 new homes a year.

From 1940 to 1950 we must build 2000 or 2500 new homes a year, and in the next ten years from 1950 to 1960, we'll have to build around 5,000 new homes a year.

We of Santa Ana hold in our hands the destiny of this community. If we build a thousand new homes here this year and fill them with a thousand new families, we will be on our way to grow as fast as Los Angeles has grown.

What shall the future bring forth! Santa Ana: 1920—55,000? 1940—105,000? 1950—325,000? 1960—700,000?

MANY REDLANDS DOGS ARE KILLED BY HATER

Redlands for some weeks past has been said to have been troubled with the operations of unscrupulous persons who left poisoned meat and other foods lying about for dogs, and incidentally, children. It was feared, would pick it up. Now reports from Redlands indicate that the dog-hater has appeared in another form, this time armed with a gun. A handsome collie dog was found yesterday suffering from a gunshot wound in the shoulder. Efforts to capture it and attend to its wounds failed, and now dog lovers of Redlands are making efforts to capture the person who was responsible for the deed.

GRANITE ROCKS BEAR WRITING BY INDIANS

Oil operators in Black Canyon, 25 miles northeast of Hays on the dirt in the Kramer district, are reported to have made a discovery of great interest to geological investigators. Accurately chiseled and defined pictures in the hard granite walls of the canyon indicate that a tribe of aborigines once existed there. The drawings are nearly all of animals and objects supposedly familiar to primitive peoples. Some of them evidently had a meaning. Specimens of human bones were also found.

FIRST SOLDIER SETTLEMENT IN MERCED COUNTY

The first soldier settlement in the United States will be started at Delhi in Merced county, California, in February, according to an announcement made today by Elwood Mead, chairman of the State Land Settlement Board and Professor of Rural Institutions in the University of California.

The Delhi State Settlement will consist of about forty farms and twenty farm worker's allotments, the farms comprising from 10 to 80 acres and the allotments from two to four acres. Plans for the development of the Delhi town site owned by the Land Board, including those of water works, a sewerage irrigation system, a railway siding with spur tracks for lumber yards, fruit shipping platforms, canning factories, and other industrial plants, are now in preparation by Professor J. W. Gregg of the State University.

The settlement is to be in the center of a large melon and fruit growing district, according to the announcement. The soil is sandy, the surrounding land being used for growing alfalfa, fruits and vegetables, and especially sweet potatoes. The State Land Settlement Board has purchased 100,000 rooted vines, five tons of alfalfa seed and several tons of seed rye, to be sold to settlers at cost. It has asked offers from nurserymen who wish to sell eucalyptus and other trees suitable for growing wind breaks. The Board has also announced its plan to secure peach, apricot and fig trees for the settlers.

The land offered is crossed by the State Highway and the Southern Pacific railway, the station being in the center of the tract. Nearly all the farms are in sight of the highway and the railroad, many of them adjoining the highway, and all of them are within a radius of three miles of the station. The farm worker's allotments are to be located close to the town of Delhi or along the state highway.

Farms suited for general crops or dairying will be from 40 to 80 acres in size; those suited to growing orchards and vegetables about 40 acres; while farms of poultry raisers will contain about 10 acres.

Employment on the farms, in the construction of ditches or in improving the town of Delhi will be assured, the announcement states. Contracts have been let for several farm worker's homes and other contracts are planned to be awarded during the coming month. The conditions of purchase are to be the same as those of the Durham colony.

Marshal Burke Gets Chance for Try Out As L. A. Mound Man

That Marshal Burke, son of Attorney J. C. Burke, of this city, has secured an opportunity to try out as a pitcher with the Los Angeles Coast League ball club, became known today. He lives at Downey, and is spending the week here with his father.

For the past few months Burke, who is 19 years old, has been pitching for the Norwalk semi-pro club, an organization which has been making good among teams of its class in Southern California. Three to one was the largest score by which the Norwalk team has been defeated during the past few months, and it took the Redondo club to humble the Norwalk men with that sized score.

Young Burke will be 20 years old on the day the Coast League season opens, on April 7. Rube Ellis, veteran leftfielder of the Angels, paved the way for Burke's interview with the Angel management, which resulted in the young pitcher's chance at a tryout.

Should Burke make good he will remain with the Coast League. On the other hand, if it is thought he needs further experience, he will be turned over for a time to the Northwestern League, he said.

TRUCK BANDITS STRIVING TO FIND DIVORCE REMEDIES IN \$500 PAID ARE SOUGHT

Quiet investigations, in charge of Sheriff C. E. Jackson, were in progress today in connection with a \$500 burglary which was committed at La Habra by auto truck bandits, believed to be members of a gang which has been operating in Southern California recently.

A complete description of the articles taken, consisting, among other things, of fourteen kodaks and thirty-six fountain pens, was on file at the office of Sheriff Jackson today. Deputy Sheriff Charles Holbrook was at work today developing fingerprints obtained at the Rollo Hilbert pharmacy, which was the place looted.

Mimeographed lists of the property stolen were today in the possession of authorities throughout California, and it was believed that telegraphic information that the auto burglars had been arrested would be forthcoming shortly.

The bandits' raid on the drug store at La Habra was one of the most daring staged in Orange county in months. A small auto truck, equipped with solid rubber tires having a tread exactly three inches in width, was backed up in front of the pharmacy and loaded up with the bandits' loot.

Investigations revealed that the bandits first backed the truck up in the rear of the building, but were foiled in gaining an entrance there, by reason of the windows having been heavily barred. Coming around to the front of the pharmacy, the bandits smashed the glass of the front door with a brick, and effected an entrance.

In addition to the kodaks and fountain pens, the bandits secured razors, 12 gold watch chains, valued at from \$8 to \$12 each, 5 lavalliers, 5 stick pins, a mother of pearl manicure set, worth \$20, and seven expensive ivory toilet sets. The total value of the articles stolen is in excess of \$500.

It was believed that the bandits were interrupted before their plans were completely executed.

IMPROVEMENTS FOR YOSEMITE PLANNED

A comprehensive programme for improvement in Yosemite valley in 1920 was outlined by Stephen T. Mather, director of national parks, after a visit to Yosemite. He was accompanied by a party of forty, among which were prominent Federal officials and Californians.

Among the improvements contemplated, according to Mather, is the laying of an adequate sewer system. It is estimated it will cost about \$150,000. The item next in importance on the improvement budget is the paving of the road from the National Park line about a mile above El Portal to Yosemite for which an expenditure of \$75,000 is provided. The existing telephone, telegraph and electric lighting systems are to be extended; bridge construction to the amount of \$18,000 is planned; an administration building as a nucleus of the projected new village of Yosemite will be erected at a cost of \$35,000.

These improvements will be made, Mather said, through the use of an appropriation of about half a million dollars, which has been requested of the federal government for the coming year.

An interesting project discussed by the national park chief was the installation of an elevator shaft to run from the base of the cliff, near Happy Isles, up to Glacier point, following in general the course of the "ledge trail," the shaft will be 3000 feet in length, built on a slight incline and set inside the wall of the cliff, so that it will not be visible from the floor of the valley. It will carry two cars, each with a capacity of sixty persons, Mather said.

While in Yosemite on this trip, Mather ordered work to be started at once on a new clubhouse for the use of the forest rangers, which is a personal gift from the park chief to the men. The building will be on the north side of the Merced river and will form part of the new Yosemite village. It will cost between \$20,000 and \$30,000.

Notice of Dissolution of Partnership

By mutual consent of J. Clyde Horton of Santa Ana, California, and W. H. Spurgeon, Jr., of the same place, the co-partnership formed by them September 11th, 1908, for the purpose of engaging in the business of selling and retailing furniture and household furnishings, and conducted under the name of Horton-Spurgeon Furniture Company, is hereby dissolved, except so far as it may be necessary to continue the same for the collection of outstanding accounts; and that the said Horton has sold to the said Spurgeon his one-half interest in the fixtures, equipment and stock of merchandise of said co-partnership contained in the building located at 201-03-05 East Fourth Street, Santa Ana, California, and that the said W. H. Spurgeon, Jr., will continue in the furniture business at said location, the said Horton reserving in the dissolution agreement the right to re-enter at any time the furniture business in Santa Ana, California, each of the parties retaining his interest in the good-will of the business.

Wishing to close our affairs as quickly as possible, those having bills against the partnership will please present them for payment at said place of business, and those owing accounts to the partnership will confer a favor by promptly making payment of such accounts at the same place.

We wish to take this opportunity to thank the public for the generous patronage extended us during the years we have been in business in Santa Ana.

UNIFORM RANK. K. P. PURCHASES HOME SITE

ANAHEIM, Jan. 8.—The Uniform Rank, No. 26, Knights of Pythias, have taken time by the forelock in providing a site for the early erection of a lodge home.

One of the most important recent deals involving Anaheim business property, is the purchase by Co. 26, Uniform Rank, Knights of Pythias, of the property on the southwest corner of W. Center and Lemon Sts., from the Misses A. Schubert, Halberstadt and Regina Knox.

The property involved is one of the choicest business locations in this city, being just one block off the main center of the same, directly across Lemon street from the Anaheim National Bank, also across Center street from the new and modern business block now under construction by Theo. Roberts.

Lemon and Center streets are both paved and the property has a frontage of 103 feet on Center street, 150 feet on Lemon street, extending through to Chestnut street from the lot for a site for combination lodge, club and business block. A part of the building is now occupied by Geo. B. Peck's grocery and hardware business, with rooming houses above, the balance being used as part of the new auto parking space.

The Knights of Pythias are to be congratulated on obtaining this unusually attractive property and when the opportune time comes when they will have erected a permanent, modern home, with the up to date, revenue producing store spaces on the ground floor, which the very desirable location warrants, they will have something good to be proud of. The local lodge of the order was organized ten years ago and has enjoyed a steady growth, and its recent progressive movement speaks well for the enterprise of its membership and their confidence in Anaheim.

The C. B. Berger Company represented the seller and W. L. Armistutz captain; Jay C. Idler, recorder; B. T. Beale, colonel of the regiment and C. W. Hodges, represented the lodge.

WHISKEY STILL BLAST BURNS MAN AND HOME

PORTLAND, Jan. 8.—The explosion of a whiskey still in the basement of the home of S. A. Williams, according to the police, caused Williams to lose his liberty, his home, his whiskey, his peace of mind, several inches of skin on his face and the greater amount of the hair on his head.

The police believed a small lamp placed near the mash to hasten fermentation ignited the alcohol and started the fire. Williams admitted he was running the still, but denied it caused the fire which destroyed the house and furniture.

Williams was arrested and taken to a ship where his wounds were dressed.

FORD PICTURES SEEN WEEKLY BY MILLIONS

The "Ford Educational Weekly," a film put out by the Ford Motor Company, has earned for that company the largest circulation of motion pictures in the world. Ford films are run in 5,238 theatres in the United States each week. They are also distributed throughout Canada, Europe, Asia, South America, Africa, Australia and many other islands.

The Ford pictures are viewed by more than ten millions of people in motion picture theatres each week. But they are also in demand outside of the theatre. Churches, colleges, the Y. M. C. A., public and private schools and even many of the country's largest penal institutions find Ford films particularly valuable because of their high moral and educational value.

Many reels of Ford film showing how certain special war materials were manufactured have been secured by government officials to serve as a part of the national records in Washington.

Put yourself in their place!

Do you love power more than honor?

Of course you don't. But put yourself in the place of the man who could, by forfeiting honor, have founded a kingdom, gained the love of the most beautiful woman in Kashmir and lived happily thereafter "forgetful of the world and by the world forgot." This is the theme of the vibrant, colorful story by William Ashley Anderson in December Cosmopolitan.

After the ceremony

Alone at last in a rural retreat he left his young bride for a moment. Then the other woman appeared on the scene with a diabolical scheme worthy of a woman scorned. She met the bride, told her everything and then—the scene between husband and wife and—the other woman. Bride—husband—other woman; if you were either of the three, how would you have handled the situation? The story is by Albert Payson Terhune and it's in December Cosmopolitan.

If your son wanted to marry Nan?

The father was called The Laird of Tye. He loved his son more than he loved anyone else in the world. Donald loved his father and he loved Nan of The Sawdust Pile, too. An interesting triangle. Put yourself in the place of Hector McKaye, Donald or Nan. You can learn much about yourself and them in Peter B. Kyne's great novel appearing in Cosmopolitan.

Would you have been afraid?

Where? Oh, anywhere there's anything to be afraid of. Probably you would, and you wouldn't know why. That's for science to find out and explain to you. Science has found it and in "Fear Devils" Harvey O'Higgins tells you all about it. He also tells how anger causes hay fever and a lot of other interesting and important things that may cause you to change your ways of thinking. Read his remarkable article in December Cosmopolitan.

GEN. PERSHING MAY BE MADE CHIEF OF STAFF

WASHINGTON, Jan. 8.—Incorporation of language in the army reorganization bill which Senate military committee members said would make General Pershing chief of staff is under consideration by the committee, but Chairman Wadsworth said that a decision had not been reached.
As drawn, the tentative provision would make the "General of the army" chief of staff.

SAN FRANCISCO MILK NOW 13 CENTS QUART

SAN FRANCISCO, Jan. 8.—Milk at 13 cents a quart has appeared in San Francisco in opposition to the prevailing price of 16 cents, the new supply being brought in by an organization of growers.
The 13-cent milk is being sold in some of the residence districts, but it is planned to deliver it to all parts of the city as soon as a delivery system has been perfected. The amount of the cheaper milk now brought in is 5000 gallons a day, it was announced.

AMERICA
has always been the most extravagant of countries, and it now seems to be destined to an era of wasteful and reckless expenditure that must eventually bring it to a distressing condition.
The habit of saving is a most commendable one, and every boy and girl ought to have a savings account and they ought to be taught to make whatever sacrifices may be necessary to keep the account growing. A savings account gives one poise and courage and independence. Even if it is not used, it relieves the owner from the feeling that he is at somebody's mercy.

Be Young for Your Years
You were taught at school that your body undergoes a complete change of structure every seven years.
This tearing down and building up process of body tissue continues without a moment's pause throughout life.
And when a man gets into a physical condition that the tissues keep breaking down and wasting away faster than Nature can replace them, right then he begins to grow "old."
This doesn't necessarily mean, however, that he has reached an advanced age. Thousands upon thousands of people begin to break down, their vital organs giving evidence of fast approaching decay, long before they reach middle age simply because they fail to give Nature, at the proper time, the needed help to rebuild.
If you are beginning to show the slightest sign of a physical "let-down"—if you are losing your old time "pep" vim and vigor—if high tension energy and nervous strain are beginning to tell on you—it's a sure sign that you are growing "old"—too old for your years. You've reached that stage where your vital forces need rebuilding. Don't make the serious mistake of postponing until too late the assistance Nature requires; commence today to take
LYKO
The Great General Tonic
LYKO enriches the blood, thereby helping Nature replace worn-out tissues, and tends to tone up the system generally by keeping the liver, kidneys and bowels clean, healthy and active. It creates a hearty appetite, assists in the process of motes your capacity for real living and helps to keep you young in feeling, vigor and action.
If your system requires a tonic, take LYKO. It will give you just the help you need. Get a bottle from your druggist today.
LYKO is sold in original packages only. Like pictures above. Refuse all substitutes.
